

THE NATIONAL SOLO CLASS ASSOCIATION CLASS ROOTS INITIATIVE

The NSCA recognises the importance of grass roots club sailing and the role that it plays in providing both club strength and the continued pleasure that can be had from one design class racing.

The National Solo is raced at over 100 clubs across the UK and this provides, probably, the largest open meeting and major event calendar in the World!

With support from Magic Marine we have launched the Class Roots Initiative

Magic Marine Photo Challenge

Send us a photo of you sailing your Solo and if you win you will receive a £50 Magic Marine voucher.

Visit our Facebook page or email your photo to ;
chrisbrown024@aol.com

PHOTO OF THE MONTH

Well done Jake Willars from Notts County S.C.

Magic Marine Club Member of the Month

With this at the forefront of both the NSCA and Magic Marine and working closely with our Fleet Captains and Area Representatives, we will be rewarding one lucky NSCA club member per month, nominated by their club for a noteworthy deed or outstanding performance.

Maybe it will be one of our more senior members who has gone Solo sailing in brutally cold conditions, likewise, a junior member who's enthusiasm for the Solo inspires other younger sailors to sail the Solo.

The lucky winner will have his/her story published on our website and on our area Facebook pages and will receive a Magic Marine £50 gift voucher.

Magic Marine stands for performance based sailing gear covering a wide range of disciplines. The brand pushes to be one step ahead recognising the range of conditions that sailors are exposed to; where faster sailing, longer sessions and more extreme weather is experienced. The brand is driven by sailors, for sailors and is pushed by all that the water offers to us, as sailors. Rain, snow, wind or sun;

'Driven by the Elements'.
